**Central Brigade Report  
Don C. Bowman  
Central Brigade Commander**

2013 was a good year for SCV Camps in the Central Brigade. Camps had good retention and nearly all had increase in membership.

All camps are having regular monthly meetings and/or events remembering fallen Confederate heroes. Each camp is working hard at recruiting although it is a tough process.

Central Brigade Camps had many events in 2013 to which the public and press were invited. Central Brigade Camps are making plans for monument and grave stone settings in 2014.

These camps are working with limited resources but are making a good effort.

Central Brigade Camps are putting forth their best efforts as resources and man-power permit. I feel very privileged to be a small part of this.
